

HOKKAIDO
SUMMER
INSTITUTE

Summer Institute Courses in field biology, molecular biology, and science communication

This summer (June-September) we are offering several in-person and online courses with international scientists that cover a range of topic in the field of Biology. Please check the dates of the courses and find a course that interests you!

Fundamental of Marine Pathology (Lecture and Lab)

Schedule: June 14 – June 18 (lecture) and June 18 – June 26

Level: Undergrad **Credits:** 1 **Language:** English

Course Num: U002/U003 **Course Code:** 800012/800020

Marine Invertebrate Zoology (Lecture and Lab)

Schedule: Aug 30 – Sept 3 (lecture) and Sept 3 – Sept 10

Level: Undergrad **Credits:** 1 **Language:** English

Course Num: U023/U024 **Course Code:** 800013/800016

Marine Conservation Genomics

Schedule: Aug 16 – Aug 20

Level: Undergrad **Credits:** 1 **Language:** English

Course Num: U017 **Course Code:** 800014

Science Communication and Related Careers

Schedule: Sept 13 – Sept 17

Level: Undergrad **Credits:** 1 **Language:** English

Course Num: U025 **Course Code:** 800015
